Introduction About Our Company

Welcome to Eshraqat Albadr

Founded in 2015, Eshraqat Albadr has swiftly emerged as a leader in the logistics and supply chain industry, committed to delivering comprehensive and innovative solutions to our clients. Under the visionary leadership of our founder and owner, Saud Abdullah Bedewi, our company has grown and diversified, providing a broad spectrum of services that cater to the diverse needs of our clients across various sectors.

Our Mission

Our mission is to provide reliable, efficient, and high-quality logistics and supply chain solutions that empower our clients to achieve their goals. We are dedicated to fostering long-term partnerships by consistently delivering exceptional value and outstanding service.

Our Vision

We aspire to be the preferred partner in logistics and supply chain management, recognized for our unwavering commitment to quality, integrity, innovation, and sustainability. Our vision is to continuously evolve and expand our services, setting new benchmarks in the industry and contributing to the success of our clients.

Company Overview

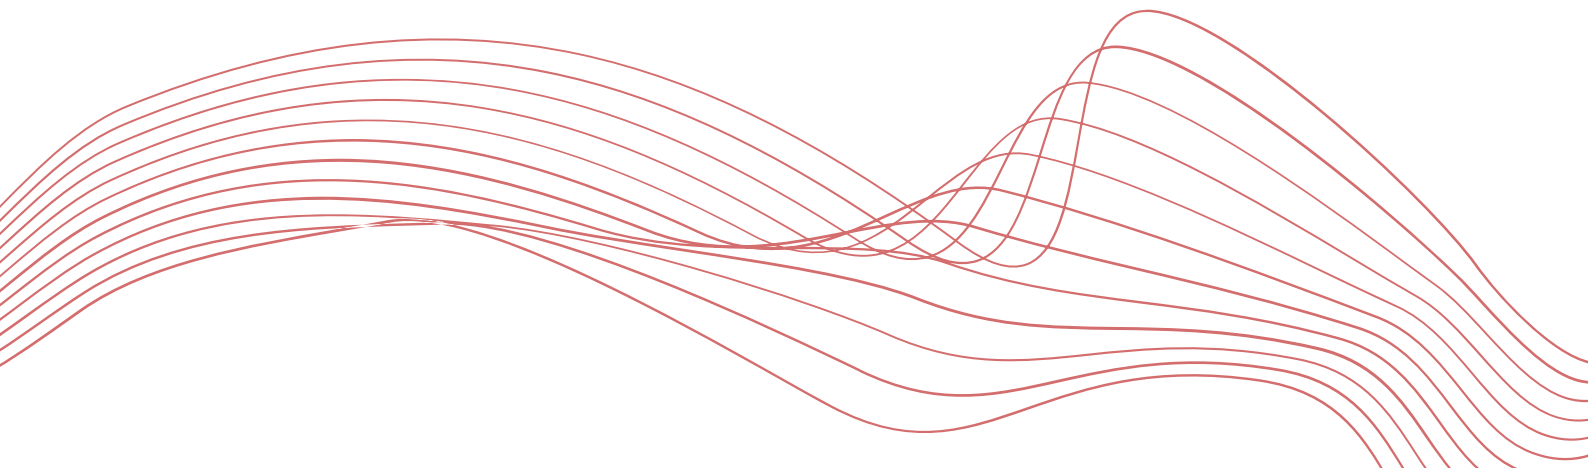

Since our inception, we have achieved significant milestones, such as receiving authorization from the Iraqi Labour Ministry for local manpower supply and expanding our services to include both heavy and light equipment rental.

Our logistics services are designed to enhance operational efficiency and cost-effectiveness, ensuring that our clients' supply chains run smoothly.

Our expertise in sourcing and supplying high-quality materials has made us a trusted partner in various construction and industrial projects. Additionally, our civil construction team has successfully delivered numerous projects, emphasizing our commitment to quality and safety.

Eshraquat Albadr's market position is bolstered by our extensive network of global partners and our innovative approach to problem-solving. We pride ourselves on our ability to adapt to the changing needs of our clients and the industry, consistently delivering exceptional value and service.

Our client portfolio includes notable names across various sectors, reflecting our ability to provide tailored solutions that meet diverse requirements. We build strong, long-lasting relationships based on trust, integrity, and mutual respect.

Milestones Timeline

2016

Karbala Refinery Project (KRP)

- Sandblasting and Exterior Painting: Partnered with S-Tank Engineering to carry out extensive sandblasting and exterior painting of crude oil storage tanks. The project was executed by a dedicated team of over 200 specialists across various fields, ensuring top-quality results and strict adherence to safety and operational standards.

Karbala Refinery Project (KRP)

- HDGSK JV: Supplied a range of heavy and light equipment to various phases of the project.
- Daesun: Delivered essential machinery for critical construction and industrial tasks.
- S.Tank: Provided specialized equipment to facilitate the project's operational requirements.

2018

China Petroleum Pipeline Company (CPPC)

Nasiriya Oil Depot Project

- Concrete Processing and Equipment Supply: Supplied concrete processing services, concrete mixer trucks, and T-wall structures for the Nasiriya Oil Depot Project. Our contributions supported the efficient execution of the project, ensuring timely delivery and high-quality results.

2020

Basrah Refinery Upgrading Project

JGC Corporation & Hyundai Engineering and Construction

- Manpower Supply: Provided over 500 local manpower specialists with diverse expertise to support various aspects of the project.
- Equipment Supply: Supplied nearly 100 pieces of various light and heavy equipment, essential for the successful execution of project tasks.
- Materials Supply: Acted as a trusted supplier for Hyundai Engineering and Construction (HDEC), delivering critical materials including high-demand imports to meet project needs.

2021

Services and Solutions

Eshraqat Albadr offers a diverse range of services designed to meet the varied needs of our clients with precision and efficiency. Our expertise spans several key areas:

Logistics Management

We streamline supply chain processes to ensure timely and cost-effective delivery of goods. Our logistics services include transportation, warehousing, and distribution, all aimed at optimizing operations and supporting project success.

Equipment Rental

We offer a wide range of heavy and light equipment for rent. Our equipment is well-maintained and suited to meet diverse project needs, ensuring reliable performance and efficiency.

Local Manpower Supply

Authorized by the Iraqi Labour Ministry, we provide skilled local manpower across various sectors. Our workforce solutions are designed to meet the specific requirements of different projects, ensuring a reliable and competent team.

Materials Import and Supply

We handle the import and supply of high-quality materials essential for various projects. Our materials meet industry standards and support the successful execution of construction and industrial tasks.

At Eshraqat Albadr, we are dedicated to providing exceptional services and solutions that drive success and satisfaction for our clients. Our experienced team and comprehensive offerings make us a trusted partner in achieving your project goals.

Company Guidelines

01

Job Duties

Employees are expected to perform their roles professionally and efficiently. We offer clear expectations and regular feedback to align with company goals.

02

Benefits

We provide competitive compensation, health insurance, and professional growth opportunities. Our aim is to support and reward our employees effectively.

03

Community Involvement

We engage in local projects and support charitable causes. Our goal is to positively impact our community and contribute to societal well-being.

04

Future Of Work

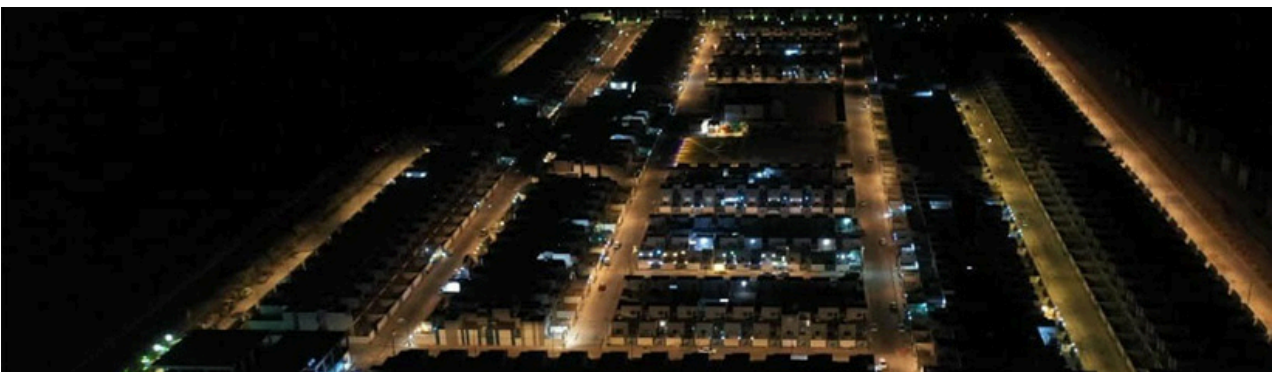

We embrace technological advancements and innovative practices. Our focus is on creating a dynamic environment that adapts to industry changes.

Project Success Stories

• Alamerat Residential Complex in Najaf

Scope: Water and Sewerage Network

Eshraqat Albadr successfully implemented a comprehensive water and sewerage network for the Alamerat Residential Complex, ensuring reliable water supply and waste management. The project involved specialized equipment and skilled manpower, highlighting our expertise in complex infrastructure projects.

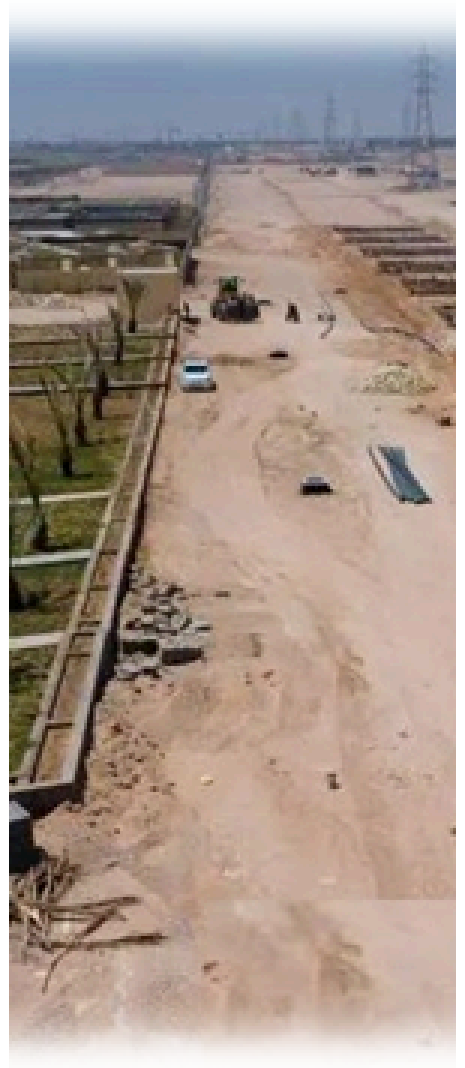

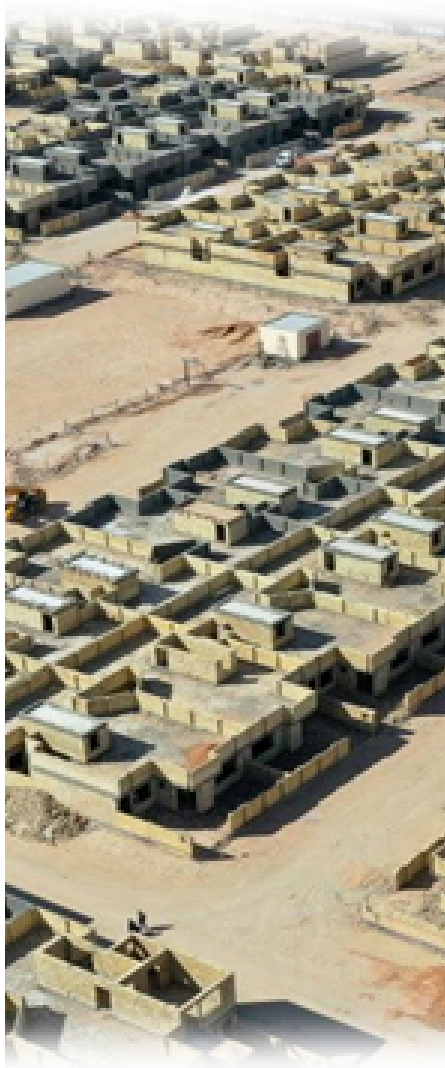

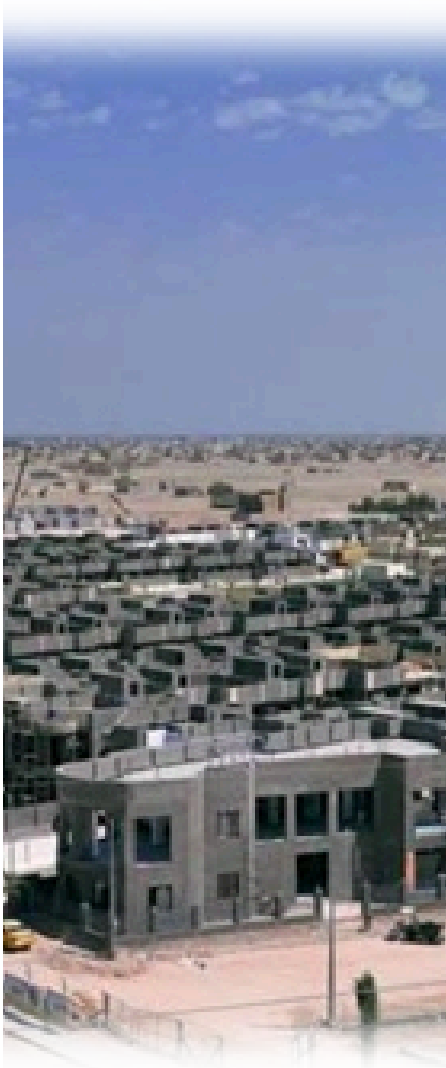

- Alamerat Residential Complex in Najaf

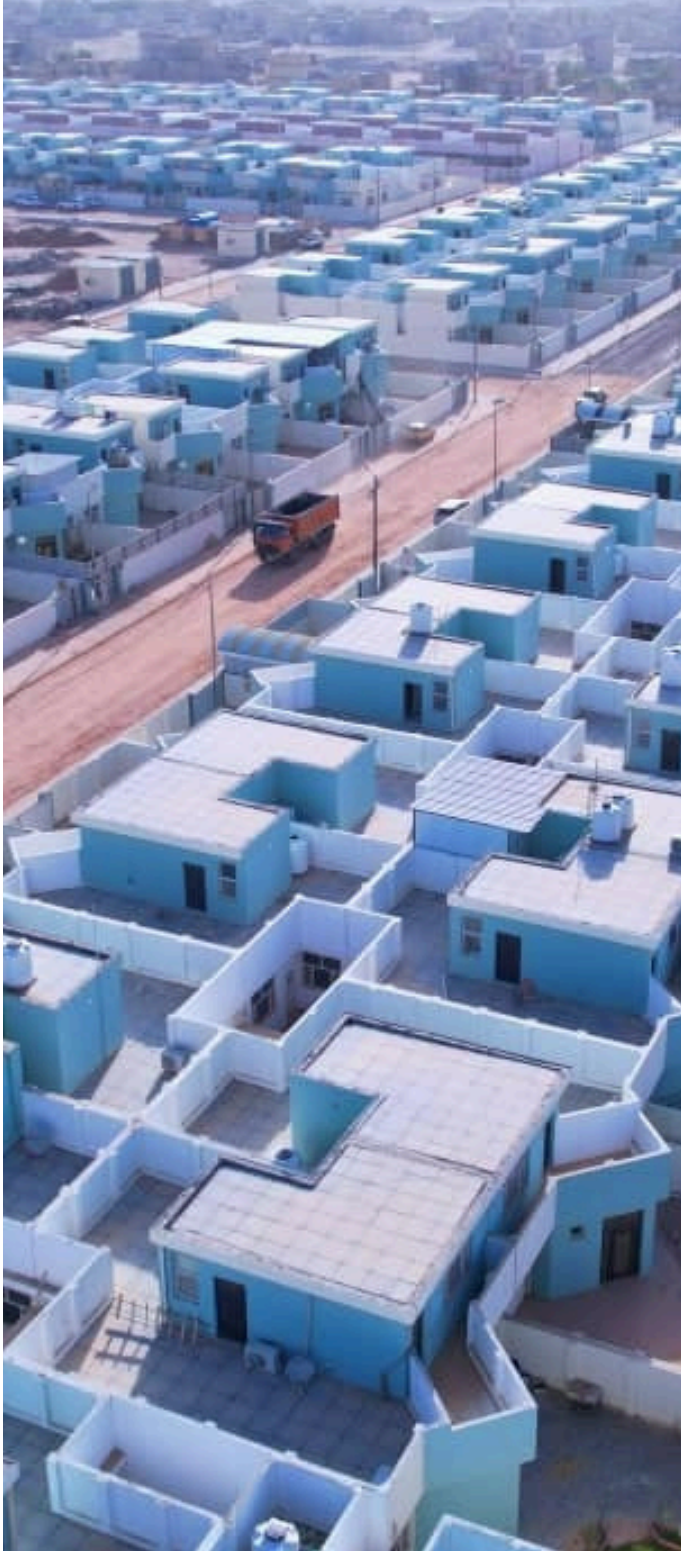

- **Algadher Residential Complex in Najaf**

Scope: 400 to 750 Residential Units

We played a key role in constructing 400 to 750 residential units in the Algadher Residential Complex. From planning to execution, our team ensured timely completion and high-quality standards, showcasing our capability in large-scale residential projects.

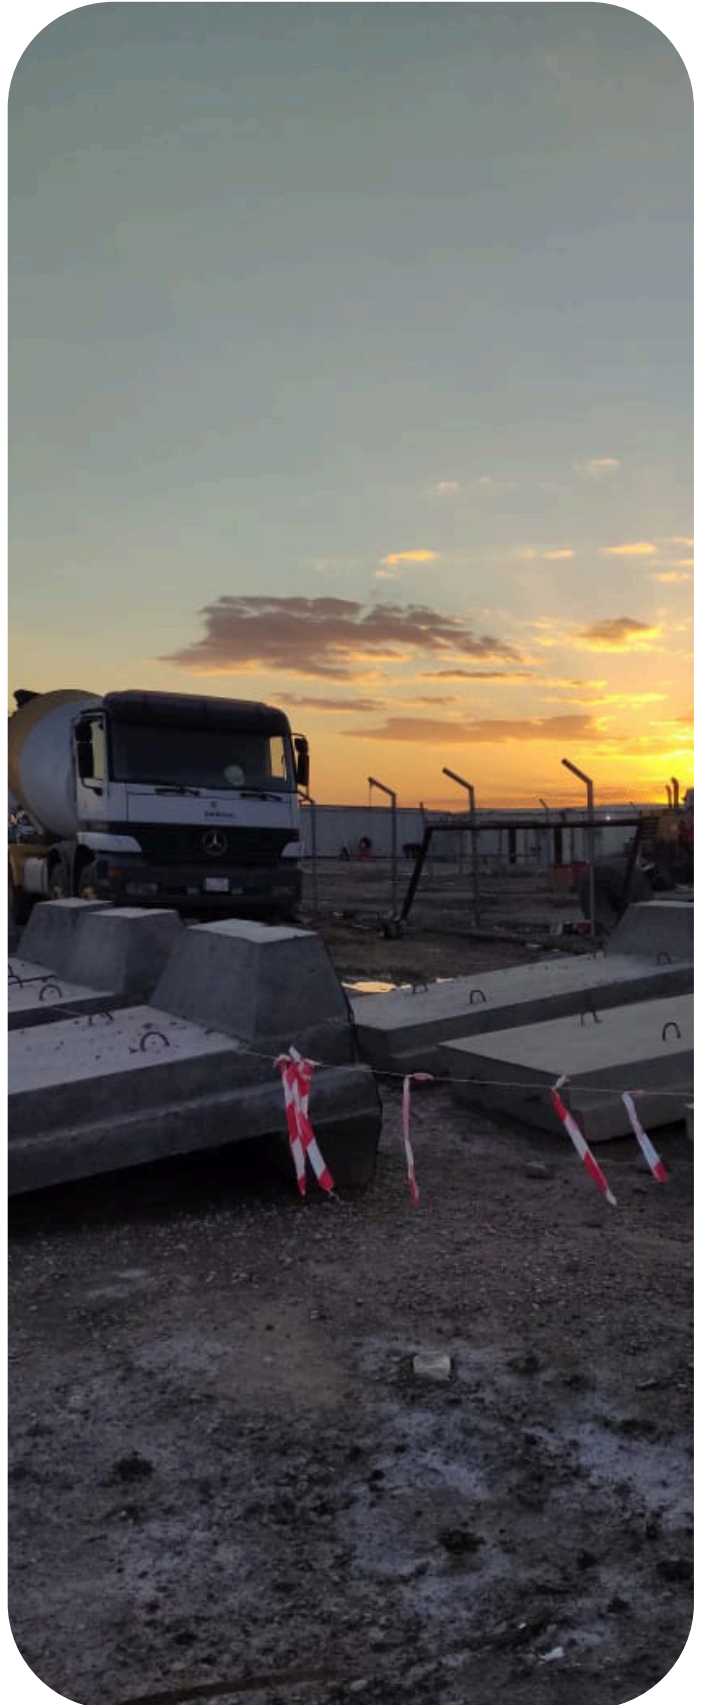

- **Algadher Residential Complex in Najaf**

- **Nasiriya Oil Depot Project**

Scope: Concrete Processing
For the Nasiriya Oil Depot, Eshraqat Albadr provided essential concrete processing services, including concrete mixer trucks and T-wall structures. Our skilled manpower and high-quality materials supported the successful execution of this industrial project.

In addition to our advanced equipment, we supplied high-quality materials that met the stringent standards required for such a critical industrial project. Our involvement was pivotal in maintaining the project timeline and ensuring the structural integrity of the depot. By leveraging our extensive experience and resources, we overcame various challenges, demonstrating our capability to handle large-scale industrial projects with excellence and reliability.

Karbala Refinery Project (KRP)

Sandblasting and Exterior Painting:

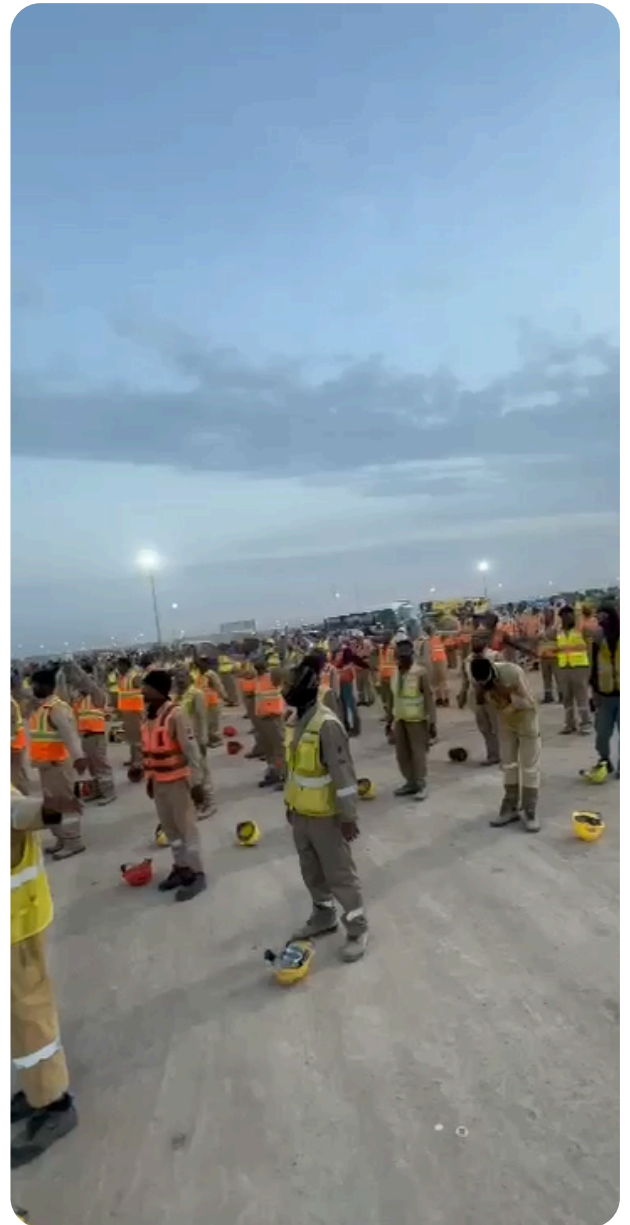

In 2018, Eshraquat Albadr embarked on a pivotal project at the Karbala Refinery, in partnership with S-Tank Engineering. This endeavor involved the sandblasting and exterior painting of crude oil storage tanks. The scope of work required meticulous attention to detail and strict adherence to industry standards, ensuring the longevity and integrity of the storage tanks.

The project was not without its challenges. The onset of the COVID-19 pandemic in early 2020 brought unforeseen difficulties, including labor shortages and stringent health and safety protocols. Our team had to adapt quickly, implementing comprehensive health measures to protect our workers while maintaining project momentum. Despite these obstacles, the dedication and expertise of our

Karbala Refinery Project (KRP)

manpower management was pivotal to the project's success. We assembled a diverse team of specialists, including sandblasters, painters, safety officers, and quality inspectors.

Each team member brought unique expertise, ensuring high standards across all phases of the project. Efficient scheduling, clear communication, and continuous training were key elements that kept the project on track despite the pandemic's challenges.

Basrah Refinery Upgrading Project (IBRU)

Since 2021, Eshraquat Albadr has been a key player in the Basrah Refinery Upgrading Project (IBRU), working alongside JGC Corporation and Hyundai Engineering and Construction (HDEC). Our role in this major initiative underscores our capacity to handle extensive and intricate projects, particularly in the realm of oil and gas infrastructure.

supplied over 500 local manpower specialists to the project. Our team included engineers, technicians, and skilled laborers, each bringing a wealth of expertise to ensure the project's smooth progression. Our effective manpower management practices ensured timely completion of tasks, adherence to safety protocols, and the maintenance of high-quality standards throughout the project.

Basrah Refinery Upgrading Project (IBRU)

provided nearly 100 units of various light and heavy equipment, essential for the diverse range of construction and operational activities. Our fleet included cranes, excavators, manlifts, and scaffolding, all maintained to the highest standards to ensure operational efficiency and safety.
